

The Now Lifestyle MUST DO CHECKLIST for Business Success

Print this checklist off and then place a check or an "X" next to each task as you complete each action if you want to get up and running with the Now Lifestyle. This is a generic list without going into detail as far as what each section entails or how to use that section...Not to worry though because in each section we have training videos to show you exactly how to carry out a certain task. For example, creating a follow up email or joining the Facebook group (We are continually updating the member area for ease of use so this might look slightly different depending on when you downloaded it)

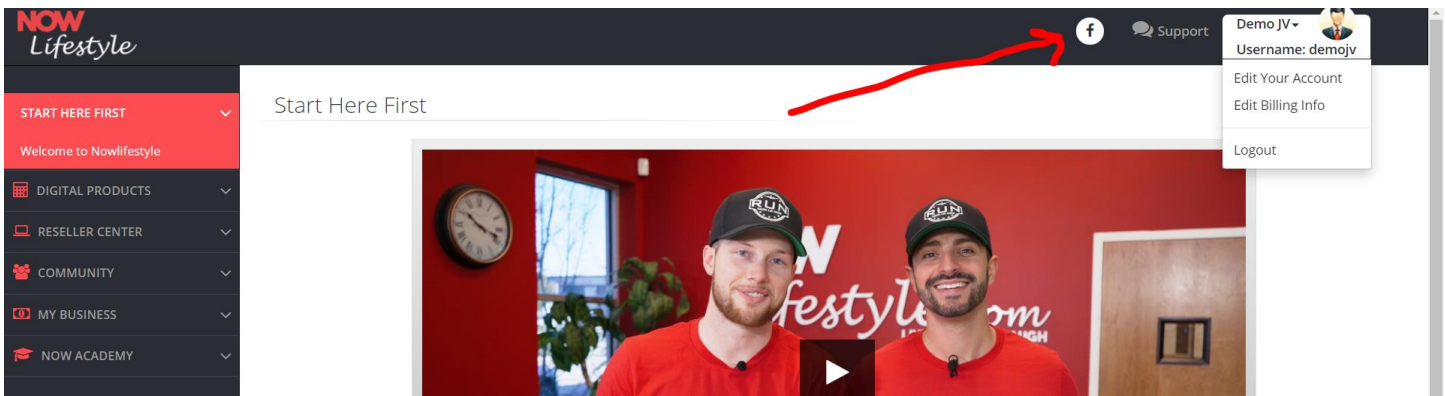

___ **Join the Now Lifestyle** if you have not already (A Free Trial, if one was available for you, or Free membership level will not show all of these options, though it has many of them)

Dashboard (this is what you see when you first log in on a computer)

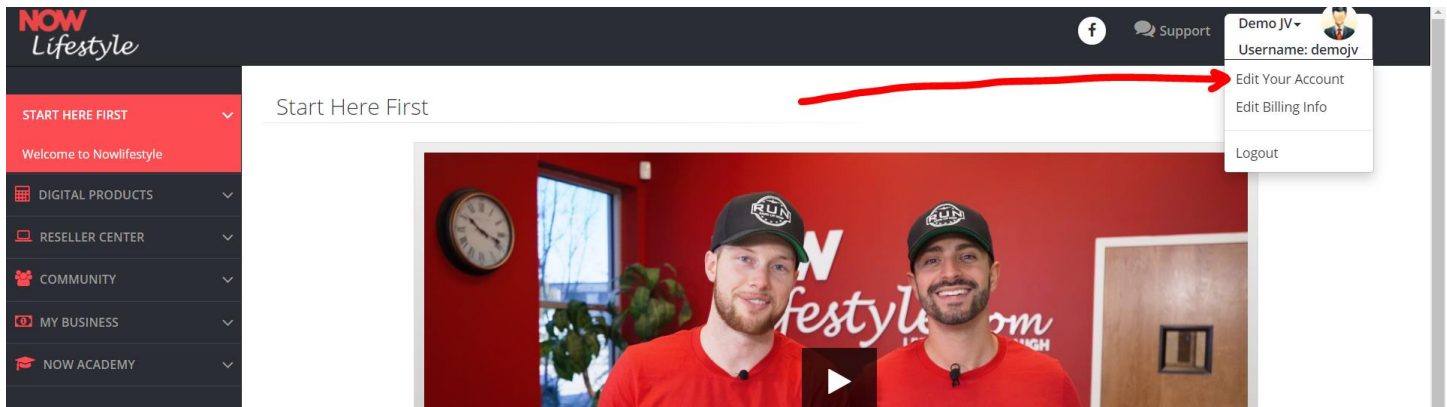

___ Watch the Video on the main Dashboard page from The RUN Guys, Nick Anderson (CMO) and Kyle Lee Weber (CVO) who are the main marketing and visionary leaders of NLS along with CEO Joel Therien.

___ Join our Now Lifestyle Official Facebook group to connect with the Family and stay up to date with all things NLS

___ Click on your name (Top Right) and **Edit Your Account Details**

___ Personal Information: Address/name and connections to upline/downline

___ Lead Capture System: Crucial to have your address for legal compliance

___ Payment Information: We all want to get paid, right!!

___ Click UPDATE at the bottom of the page before you go anywhere else

___ Click on your name (Top Right) and **Edit Your Billing Details** and Information

Remember, no one should think they need to or can be able to learn this all in one day or week for that matter. Try to eliminate information overload and do a few tasks a day, then share what you have learned with your social media or other connections (and your LINKS!!!)

Being consistently consistent is what will help cause you to continue improving and growing your business. You get out of it what you put into it.

In addition to sharing on your own pages, be sure to share in the NLS FB group what you are learning and if you have a question or are stuck on some idea/concept, be sure to be as specific as you can so we can help.

Master Trainer Dave Gardner
