

The Now Lifestyle **MUST DO CHECKLIST** for Business Success

Print this checklist off and then place a check or an "X" next to each task as you complete each action if you want to get up and running with the Now Lifestyle. This is a generic list without going into detail as far as what each section entails or how to use that section...Not to worry though because in each section we have training videos to show you exactly how to carry out a certain task. For example, creating a follow up email or joining the Facebook group (We are continually updating the member area for ease of use so this might look slightly different depending on when you downloaded it)

COMMUNITY

___ **Community:** This is where you can get LIVE training, refer people to the Live webinars and join our FB group and see recent recorded webinars.

___ **Live webinars:** There are live webinars a few times each week. You can invite guests to these events and get credit if that person joins Now Lifestyle from the webinar links (or after logging out of the webinar)

Your link to share for these webinars is as follows: Remember to change the Username!

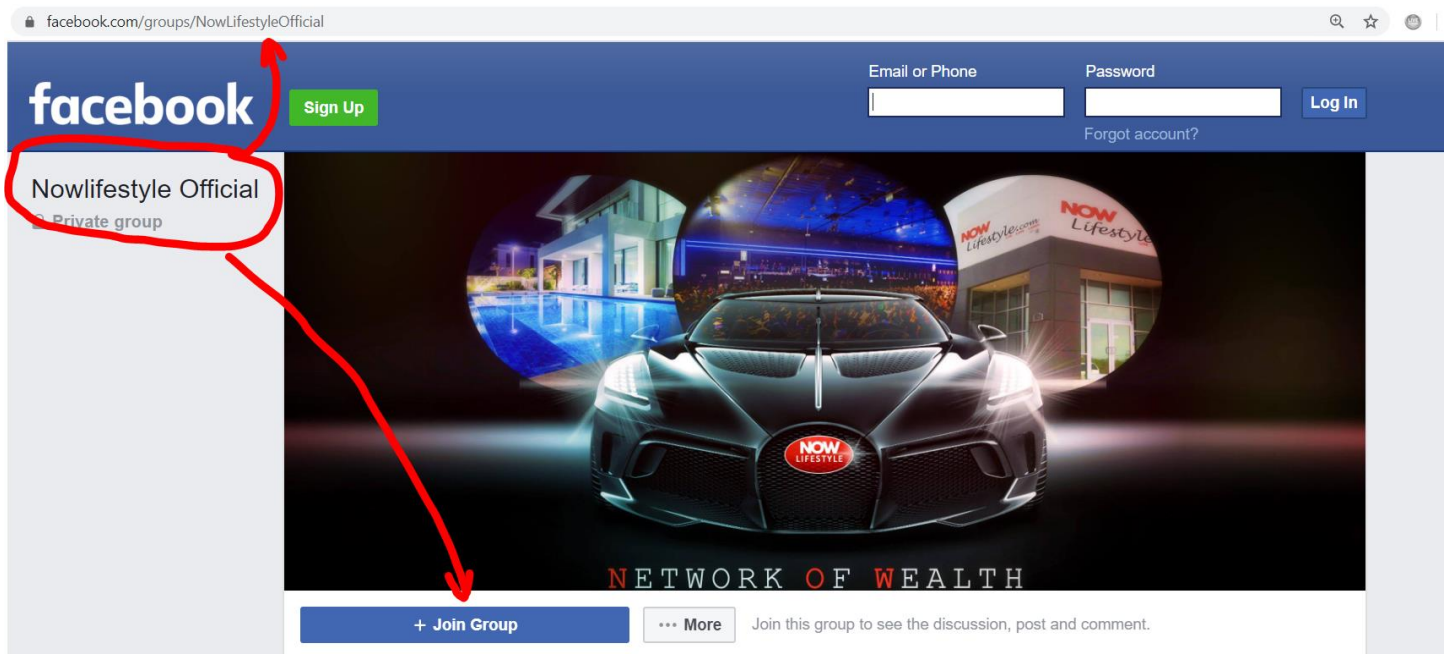

<http://www.nowlifestyle.com/live/?id=YourUserName>

____ **Facebook:** As we mentioned earlier, be sure to join our FB group for additional support, ideas, asking questions and being part of the Now Lifestyle Family!

This is the group page you are looking for: It's a very supportive group with a perfect place to welcome new members, share successes and get questions answered when you are stuck (though the support staff in the members area are rockstars as well!)

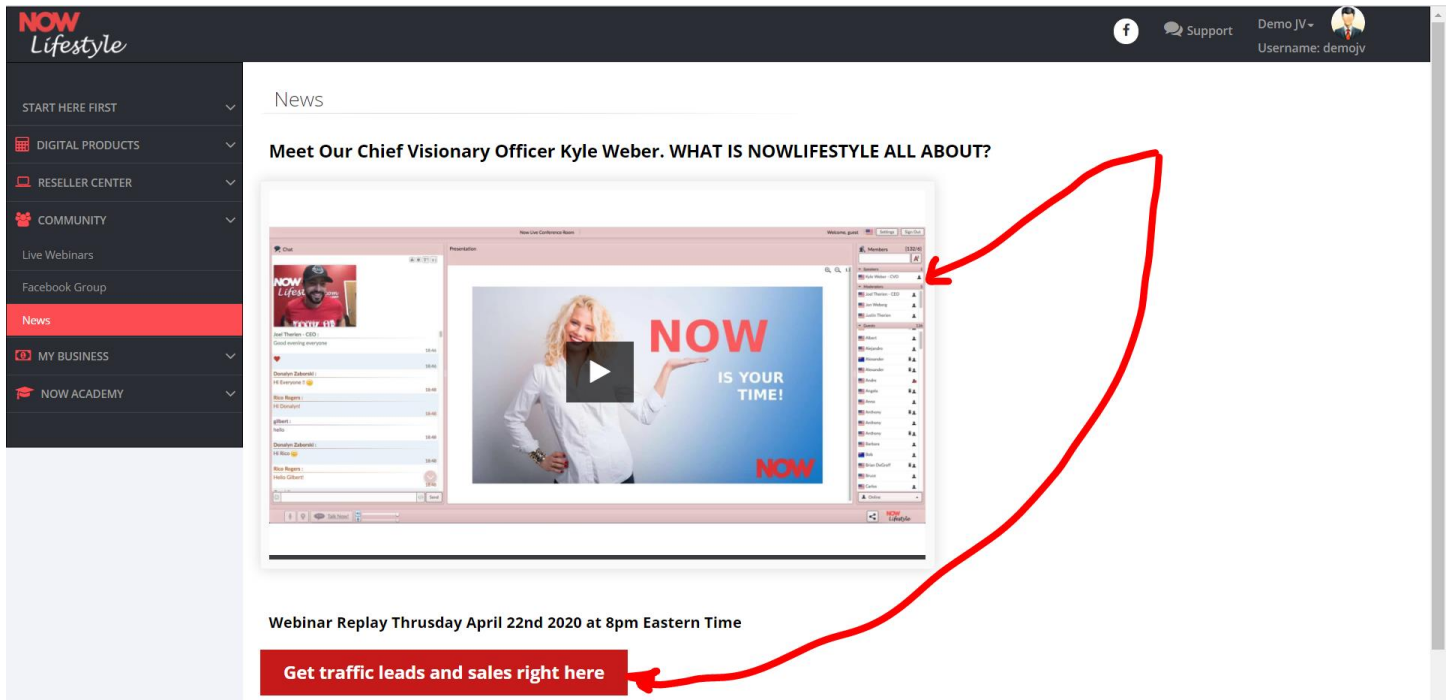

Join the Facebook Group with This link:

___ **News:** Get the latest webinar updates and recordings as well as buy traffic packages that Now Lifestyle does all the marketing for.

Remember, no one should think they need to or can be able to learn this all in one day or week for that matter. Try to eliminate information overload and do a few tasks a day, then share what you have learned with your social media or other connections (and your LINKS!!!)

Being consistently consistent is what will help cause you to continue improving and growing your business. You get out of it what you put into it.

In addition to sharing on your own pages, be sure to share in the NLS FB group what you are learning and if you have a question or are stuck on some idea/concept, be sure to be as specific as you can so we can help.
